

## Statement of Interest for 2023-24 Community Development Funds Review Panel

By submitting this form to Camden County Partnership for Children (CCPFC), I declare my interest in a position on the review panel for the 2022-2023 Community Resource Development Funds. I understand that this panel will be finalized by Camden County Partnership for Children's Director of Community Resources and members of the Camden County Partnership for Children's Directors, based on knowledge of the Children's System of Care.

I understand that the purpose of this process is for CCPFC to assess unmet behavioral health and community service needs and priorities, and to award their Community Resource Development Funds based on their findings.
